EDUCATION

Financial Mathematics <i>University of Karachi</i>	01/2021 – 12/2024 Karachi, Pakistan
Intermediate <i>Govt Degree College Gulshan</i>	01/2018 – 01/2020 Karachi, Pakistan

PROFESSIONAL EXPERIENCE

Power BI Developer <i>The Citizen Foundation</i> - Developed interactive dashboards in Power BI using DAX and Power Query to support HR performance evaluation and principal appraisal processes. - Built automated data collection workflows in Power Automate, integrating SQL Server stored procedures and SharePoint Lists to streamline performance management operations.	05/2026 – Present Karachi, Pakistan
Data Analyst <i>Sindh Institute of Child Health & Neonatology (SICHN)</i> - Developed executive dashboards for the Chief of Neonatology and COO, delivering concise, decision-ready insights that strengthened oversight of admissions, outcomes, and resource utilization. - Enhanced data integrity by standardizing and validating patient records, improving reliability of key indicators such as gestational age, birth weight, ventilation status, and mortality trends.	11/2025 – 05/2026 Karachi, Pakistan
Data Management Assistant <i>Fazaia Degree College Faisal</i> - Developed and maintained structured databases for 500+ student and staff records, ensuring 100% accuracy and compliance. - Automated reporting processes with Excel and SQL, reducing data preparation time by 35%. - Designed dashboards in Power BI to track academic performance and attendance trends, improving faculty decision-making.	09/2022 – 11/2025 Karachi, Pakistan

PROJECTS

Budget Overview Dashboard Education Sector PowerBI - Designed and implemented a Power BI dashboard analyzing budget allocations across multiple departments (>10 units, multi-year data). - Streamlined reporting for administrators by reducing manual tracking time by 40%. - Learned to translate financial data into visual insights for non-technical stakeholders, enhancing decision-making efficiency.	09/2025 – 09/2025
Workforce Productivity Dashboard Operations Power BI - Designed a dashboard monitoring tasks per core hour, shrinkage %, and team rankings across 4 teams and 40+ employees. - Identified shrinkage patterns by type (meetings, admin, rework) to support operational efficiency improvements.	
Vulnerability Compliance Dashboard Cybersecurity Power BI - Developed and deployed a compliance dashboard tracking 500+ security vulnerabilities across IT assets. - Improved compliance visibility by enabling real-time monitoring, leading to a 25% faster remediation cycle. - Enhanced skills in risk analytics and cross-functional communication with IT/security teams.	09/2025 – 10/2025
Cover Installation Progress Project Management Power BI - Designed project dashboard monitoring cover installation milestones . - Improved visibility on completion rates, keeping projects on track .	09/2025 – 09/2025
Healthcare Operations Dashboard Healthcare Power BI - Built an operations dashboard tracking 9K+ patient days, revenue per patient day, and staff availability across multiple locations. - Visualized visit capacity vs required visits by role, supporting resource planning decisions.	
Credit Card Fraud Analysis SQL - Investigated 500,000+ financial transactions with SQL to detect fraud patterns. - Uncovered that customers over age 60 were 3x more vulnerable, leading to targeted awareness initiatives. - Learned fraud risk modeling and SQL optimization for large-scale queries.	03/2025 – 03/2025
Wage Gap Analysis Tableau & SQL - Processed 35 years of salary data to assess disparities across demographics. - Built Tableau visualizations showing persistent inequality trends, driving awareness.	03/2025 – 03/2025

HR Insights Dashboard | HR Analytics | Power BI

- **Developed** a 4-page HR dashboard covering retention, operational performance, quality & craftsmanship, and strategic succession with multi-year KPI tracking.
- **Enabled** HR leadership to monitor absenteeism, turnover, retention rates, and CPD compliance across years in a single report.

SKILLS

Data Analytics & Visualization

Power BI (DAX, ETL, Drill-through, Interactive Dashboards), Tableau, Advanced Excel (Pivot Tables, Dashboards)

Business & Reporting
Google Data Analytics, Google Business Intelligence

Databases & Querying

SQL And Direct Query in Power BI

Process Improvement & Presentation
Lean Six Sigma (problem-solving, process mapping, efficiency analysis), Professional Presentation & Storytelling

Programming & Machine Learning

Python (Data Cleaning, Regression Models,Grid Search, MSE, R²)

CERTIFICATES

Google Data Analytics Professional Certificate (GDAPC) | Google Business Intelligence Professional Certificate (GBIPC) | Python for Data Analytics Professional Certificate (IBM-PDA PC)
